	firebase	

PROJEKTI

PROGRESSIVE WEB APP

#NAPREDNICSS #CSSGRID #JQUERY #AJAX
#SERVICEWORKERS #PRECACHE

- Kreiranje responzivnog CSS Grid lejauta kompatibilanog sa pretraživačima (i sa IE 10(+) i Edge 12 (+));
- Pravljenje interakcija (switch dugmići, efekat pisače mašine, fade In, efekat pritiska dugmeta i dr.) putem CSS; pozivanje strane na engleskom jeziku putem Ajax poziva;
- Implementiranje principa Progressive Web Apps - precache putem Service Workers, brzo učitavanje, rad u offline modu, dodavanje na home screen (samo za Android, i Operu i Chrome za desktop) i opšte poboljšanje performansi sajta. **URL: marinabubnic-cv.firebaseapp.com**

CMS

#NAPREDNICSS #BOOTSTRAP #PARALLAX #PHP #MYSQL
#JQUERY #FORME #MAPA #VALIDACIJA #ADMINPANEL

- Kreiranje lejauta prema načelima responzivnog dizajna, u Bootstrap okruženju;
- Podela sajta: statički deo sa interaktivnim stanjima odrađenim putem CSS i jQuery (svg, hover. parallax, skok na sekciju, strelica na gore, pojavljivanje navbara i sadržaja na skrol, mapa i dr.), forme sa serverskom validacijom, enkripcijom i zaštitom od MySQL injection (po potrebi), i dinamički deo sa blogom (dinamički prikazani postovi, skorašnji postovi, kategorije, admin login, paginacija) i admin panelom (personalizovani CMS - sekcije za pregled, dodavanje, brisanjeizmenu postova i kategorija). **URL: advokatdjukic.000webhostapp.com**

WORDPRESS REDIZAJN

#NAPREDNICSS #WPFUNKCIJE #WPSTRANE #WPPLAGIN
#WPTEMPLEJT #PHP

- Prilagođavanje sajta načelima responzivnog dizajna;
- Unapređivanje UX i UI (formatiranje, stilizovanje, dodavanje novih sekcija, elemenata, boja i interakcija) u skladu sa identitetom brenda;
- Presonalizacija widget-a za Blog sekciju, ispravljanje bagova vezanih za prikazivanje kategorija, dodavanje newsletter funkcionalnosti, funkcionalnosti prikaza preview teksta, funkcionalnosti grananja potkategorija i ostalo; update na novu verziju WP i ispravljanje bagova usled instalacije. **URL: diopta.rs**

E-COMMERCE INTEGRACIJA

#NAPREDNICSS #HTML4UHTML5 #XMLREQUEST #VPOSAPI
#BOOTSTRAP #PHP

- Redizajniranje sajta u skladu sa identitetom brenda i integrisanje na web stranu drugog sajta putem sandboxovanog iFrame plagina; razvijanje u Bootstrap okruženju;
- Prevođenje sajta iz html 4 standarda u html 5 standard, prilagođavanje načelima responzivnoig dizajna, stilizovanje i formatiranje, dodavanje novih elemenata i interakcija radi boljeg UX, debagovanje nakon ponovnog postavljanja na server i ostalo;
- Integrisanje Intesa Nest Pay opcije online plaćanja kreditnom karticom - testiranje autentikacije na NestPay "3D Pay Hosting" service; slanje e-mail odgovora u skladu sa statusom transakcije; testiranje void, preauth, post-auth i refund statusa transakcije; slanje XMLRequest na vPOS API radi provere statusa transakcije u slučaju da odgovor izostane; sprečavanje dupliciranja sesije uvođenjem Cache-control hedera i "lažne" prevencije vraćanja unazad... i ostalo. **URL: diopta.rs/moja-sociva/**

OSTALE VEŠTINE

- Napredno korišćenje engleskog jezika (pisanog i govornog);
- Radno korišćenje francuskog jezika (govornog i pisanog):
- Pretvaranje PSD u kod i postojeće web rešenje u WP templejt;
- Pravljenje skica/mokapova/vajerfrejmova, vizuelnog identiteta, i prezentacija;
- Nedestruktivna obrada fotografije;

SERTIFIKATI

- Adobe Certified training - Adobe Creative Suite;
- Test of English as a foreign language (TOEFL);

PROJECTS

PROGRESSIVE WEB APP
#ADVANCEDCSS #CSSGRID #JQUERY #AJAX #SERVICEWORKERS #PRECACHE

- Responsive and cross-browser compatible (even with IE 10(+) and Edge 12 (+)) CSS Grid layout.
- The use of dvanced CSS techniques to display interactive states (switch buttons, typewriter effect, fade In effect, press button effect...etc); Ajax loading to retrieve a page in another language;
- Implementation of Progressive Web Apps principles- precache via Service Workers, fast load, offline mode, add to home screen (only on Android and Chrome, and Opera on desktop) and general website performance improvement. **URL: marinabubnic-cv.firebaseapp.com**

CMS
#ADVANCEDCSS #BOOTSTRAP #PARALLAX #PHP #MYSQL #JQUERY #FORM #MAP #VALIDATION #ADMINPANEL

- Responsive and cross-browser compatible layout made in Bootstrap;
- Three parts website: static part with interactive states made with CSS and jQuery (svg, hover, parallax, "go to section", arrow to top, navbar and content appear on scroll, map...etc.); forms with server-side validation, and/or encryption and MySQL injection prevention; and, dynamic part with Blog (dynamically displayed posts, recent posts, categories, and pagination) and admin panel (custom CMS - sections to view, add, edit, and delete posts and categories).
URL: advokatdjukic.000webhostapp.com

WORDPRESS REDESIGN
#ADVANCEDCSS #WPFUNCTIONS #WPPAGES #WPPLUGIN #WPTEMPLATE #PHP

- Adapting website to responsive design principles;
- Improving UX and UI: formatting texts, styles, photos; redesigning page elements and sections, adding new functionalities and so on while maintaining brand identity;
- Writing custom widgets for Blog section, fixing bugs related to linking posts to specific category, adding newsletter functionality, preview text functionality, 'category tree' functionality...etc;
- Updating to new WP version and fixing bugs due to newly installed plugins. **URL: diopta.rs**

E-COMMERCE ITEGRATION
#ADVANCEDCSS #HTML4TOHTML5 #XMLREQUEST #VPOSAPI #BOOTSTRAP #PHP

- Redesigning online store Moja sociva to match brand identity of Diopta and integrating a website in Diopta's page via sandboxed iFrame;
- Switching from html 4 to html 5, adapting website to responsive design principles, styling and formatting, adding new page elements and interactions to improve UX, debugging after re-uploading to server and other;
- Integrating Bank Intesa on-line card payment: making authentication to NestPay "3D Pay Hosting" service; writing authorization messages; testing void, refund, and post-authorization; making XML requests to Vpos API to check the order status when the response was not sent automatically; setting Cache-control headers and "fake" back button prevention in order to terminate user session by ID...etc. **URL: diopta.rs/moja-sociva/**
